## Senate Reconvenes Nov. 8 To Consider McCarthy Censure

WASHINGTON (AP)—The Senate will come back to Washington Nov. 8 to consider in the comparative quiet of an after-election session whether to censure Sen. McCarthy (R-Wis.).

The date, which is six days after the Nov. 2 election, was announced by Sen. Knowland (R-Calif.) at his home in Oakland. The Senate's majority leader disclosed it after conferring with Sen. Lyndon Johnson of Texas, the Senate Democratic leader.

Vice President Nixon endorsed the choice of a post-election date.

There had been some agitation to hold the special session earlier, but a number of senators protested that it would interfere with political campaigns if candidates for reelection had to drop everything and return to Washington before Nov. 2. Some were not eager to go on record on the McCarthy issue before balloting day.

Meanwhile, the special committee which held public hearings on the censure charges announced completion of its report and said it will be made public Monday. It is reported to run 60,000 words, divided about evenly between a summary of the evidence and the committee's findings.

Chairman Watkins (R-Utah) said it had been approved unanimously by the six-member committee.

Earlier in the day Sen. Johnson said at Austin, Tex., that he had conferred with a large number of Democratic senators and "we are ready to meet the issue as soon as the report is submitted."

J. Mark Trice, secretary of the Senate, said Knowland had telephoned him and told him that Johnson would telegraph the Democratic clearance for the Nov. 8 date.

"I get the message from Johnson by tomorrow morning. I'll send out a call for the special session then," Trice told a reporter.

Chairman Watkins said the committee report will be one that could serve as the basis for a definite showdown vote by the Senate, but he refused in advance to say whether it contained recommendations for censure or non-censure.

The report covers, among other things, nine days of public hearings on five groups of charges filed by Sens. Flanders (R-Vt.), Fulbright (D-Ark.) and Morse (Ind.-Ore.).

These charges allege that McCarthy (1) was contemptuous of the Senate, (2) abused Brig. Gen. Ralph W. Zwicker, (3) cast slurs at fellow senators, (4) illegally received and used a secret FBI document, and (5) "incited" government employees to give him more secret documents.

On Janitor's Body When He Dies

TRENTON, N.J. (AP)—Superior Court, in what the judge described as a "radical" decision, Friday ordered that an autopsy be performed on the body of a school janitor when he dies.

Senior Court Judge C. Thomas Schettino said the autopsy should be performed on the body of Harry Estee, 52, of Red Bank, immediately after his death and despite his wife's objections.

The judge, in terms of the ruling "radical," declared that no court had ever directed an autopsy before a person's death.

The background on the unusual case is this: Estee, now bedridden and in serious condition in his home, owns an \$80,000 home on a lot owned by the Red Bank Board of Education on the claim that he contracted a lung disease from coal dust while on the janitorial job.

The award later was set aside on the ground it was a workmen's compensation case and should not have been handled as a civil suit.

The board, the insured party as Estee's employer, asked for the autopsy because, it said, embalming fluid injected into a body a few hours after death could kill a bacteria in the lungs and thus destroy evidence that might be essential in the case.

Mrs. Estee's lawyer said he did "everything to convince" her that an autopsy "is a simple thing" but that she still objects to it.

HOLD FATHER IN DEATH OF INFANT SON

CHICAGO (AP)—A 9-day-old boy died of internal injuries in a Chicago hospital Friday night and police held the father for a lie test.

Detectives Louis Mufale and Walter Noonan said the father, Eddie E. Comiza, 23, told them he accidentally fell against the child Wednesday.

Comiza and his wife took the baby to the hospital earlier Friday. The detectives said Comiza could not explain why the infant wasn't hospitalized sooner.

Hospital authorities said that, in addition to internal injuries, the baby suffered a broken arm and facial bruises.

### Three Firemen Burned Fatally In California Fire

CHATHAM, Calif. (AP)—Three firemen were fatally burned in northern California Friday and at least six homes were destroyed as a raging brush fire near here—only 25 miles from downtown Los Angeles.

The three fatalities occurred in a fire which swept virtually to the outskirts of the gold mining town of Sierra City, north of Lake Tahoe. More than 400 men with bulldozers and trucks fought the fire that had burned over 1,000 acres.

Flames in the Chatham area, fanned by high winds, forced the evacuation of more than 300 persons and burned six homes and an estimated 1,200 acres. The fire was described as one of the worst in Los Angeles County history.

A third blaze menaced the mountain town of Frazier Park, nearly 80 miles north of Los Angeles, for the third time in two days.

High winds and low humidity were hampering the fire fighting.

### Man Admits Fatal Shooting Of Wife, Burning Home

SHAWANO, Wis. (AP)—A coroner's examination Friday revealed a supposedly routine fire death as the fatal shooting of a young wife "because she cried all night" over her inability to bear another child.

Dist. Atty. Frederick Eberlein said first degree murder charges would be filed against Thomas Bostwick, 20, in the death of his 20-year-old wife, Inase, early Wednesday.

At that time, the young northwestern handyman told authorities he, his wife and 2-year-old daughter, Kathleen, escaped from their blazing four-room house, and that Inase apparently went back into the burning house to look for help.

However, the standard coroner's examination of Mrs. Bostwick's charred body disclosed a skull fracture. The prosecutor said officials ordered an autopsy.

It showed that Mrs. Bostwick died of a 22 calibre bullet wound in the back of the head, Eberlein said, and Bostwick was arrested early Friday.

The young husband and father immediately admitted killing his wife, the district attorney said, and told how after shooting her he sat in the bed holding the dead girl in his arms before he put her on the floor, drenched her with gasoline and set fire to the house.

Eberlein said that in his sobbing statement dictated to a stenographer, Bostwick explained his wife was depressed over her inability to bear any more children and said she "cried all Tuesday night."

Firemen found his wife's body in the ruins of the house.

### Film May Show Cause Of Blast Killing 32

BITBURG, Germany (AP)—A camera containing exposed film may prove to be an important clue to the cause of the explosion Thursday of a 120,000-gallon jet fuel tank which killed 32 persons and injured 16.

German police said the camera had been found near one of the victims, a French engineer, who took pictures of a fire-fighting demonstration that preceded the blast. Police said the engineer, M. Jarry, was taking pictures a few seconds before the explosion.

Both German and French authorities appeared satisfied the blast was set off accidentally and was not the result of sabotage.

There were no American casualties. Seven badly burned German and French victims died in hospitals Thursday night and Friday, bringing the death toll to 32.

DECREASE IN ARMED FORCES

WASHINGTON (AP)—The total strength of the armed forces at the end of August was 3,290,510, a decrease of 10,112 since July 31.

Only the Air Force, in line with revised manpower schedules this year, showed an increase in strength, amounting to 1,557.

## Ike Promises To Remove 'Union Busting' Provision From Taft-Hartley Law

LOS ANGELES (AP)—President Eisenhower promised anew Friday that his administration will remove "union-busting" provisions from the Taft-Hartley law and he will give sympathetic consideration to all organized labor's views.

Eisenhower received a politely warm reception from delegates at the American Federation of Labor's annual convention and was interrupted a half dozen times by applause.

The President left immediately after his speech to return to his vacation headquarters at Denver, his plane landing there at 2 p.m. (MST). This was 48 hours after he left on a speech-making trip through the Northwest and in southern California.

While conceding that his administration has so far failed to carry out its pledge to change the Taft-Hartley law, Eisenhower said "a solid Democratic vote in the Senate" had been responsible for defeating his amendment proposals.

The President, continuing his campaign to retain Republican control over Congress in this fall's elections, made no direct appeal for AFL support but asked the delegates to carry his "very best wishes" to their union members.

Eisenhower said he realized the AFL, which supported Democratic nominee Adlai Stevenson against him in the 1952 presidential election, disagreed with him on certain policies but he continues to feel friendly toward the working man.

"Now, there is nothing sacrosanct about any views that I hold and I have never so stated," the President said. "So I just want to say this: the views of this convention will be studied, and thoroughly and sympathetically considered, just as will the views of every other great group of Americans."

After Eisenhower finished speaking, delegates gave him a half-minute standing ovation. AFL President George Meany thanked him and said while the AFL often disagrees with administration policies, it recognizes "a lot of nice things too."

On the economic situation, Eisenhower said he had listened in the past and would continue to listen to organized labor's proposals on what should be done "about meeting obvious soft spots in our economy."

SPARTA, Ill. (AP)—Joseph T. Meek, GOP senatorial candidate, said Friday he is "in full accord with the objective of the McCarthy committee."

Speaking at a luncheon meeting of Randolph County party workers, Meek said:

"The methods used by the McCarthy committee are unimportant when compared with the big task of undoing 20 years of gross carelessness by the previous Democratic administration of allowing Communist infiltration of our government."

Meek said he thought there should be an "even more vigorous and enlarged attack on the Communist in this country."

The Republican party was the only political organization to risk "internal party strife" in attacking the Communists, Meek said.

The Republican record lists: "Stripping the Communist party of all legal rights, the conviction of 50 Communist leaders, the deportation of 93 alien subversives and the separation of 2,486 security risks from the government," said Meek.

Meek charged that the Democrats had the same investigating committee available for many years, but were "fearful of disclosing Red infiltration in its own ranks."

critical" news on the recently revised budget for the current fiscal year, which began July 1.

These upped the red ink estimates for the current fiscal year by 14 billion dollars to a total deficit of 4 1/2 billion and also lowered estimates on government receipts.

Bridges said some had interpreted this as an administration decision for more nondefense spending, especially on a "housing program designed to keep the whole industry booming."

He also asked about published reports that the Budget Bureau "had sent out one of the toughest letters" in history through a "secret directive" to all Cabinet officials asking them to "apply a heavy ax" on spending in the next fiscal year.

## Soviet Never Rejected Plan Vishinsky Claims

UNITED NATIONS, N.Y. (AP)—With Russia insisting on recording a unanimous vote, the U.N. Steering Committee recommended Friday full general assembly consideration of the new United States proposals for peaceful uses of atomic energy.

With obvious heat, Soviet First Deputy Foreign Minister Andrei Y. Vishinsky told the 15-member committee that Moscow has not rejected the proposals originally laid down by President Eisenhower last Dec. 8, contrary to a statement by Secretary Dulles that it had. He read from a Soviet note dated Sept. 22 stating the Russians are ready to continue conversations.

Vishinsky also said the Soviet Union favored sending the American item to the Assembly. When the Assembly president, Eelco N. Van Kieffens of the Netherlands, said there was no opposition to that move, Vishinsky demanded that the record show a unanimous vote to prevent future misunderstandings. Van Kieffens said it would.

The first debate will be held later this fall in the Assembly's Political Committee.

Diplomats familiar with Russian policy moves speculated that the Russians eventually might try to bring the American proposals within the scope of the United Nations. This would permit them a voice in the operations of such a plan.

Some diplomats also professed to believe that the Russians eventually will find a way to join the scheme especially since they have learned the United States and some of its friends are going ahead with developing the plan regardless of what the Soviet Union does.

Vishinsky said he would state the Soviet position later.

## Delaware Governor Asks Cooperation In Opening School

MILFORD, Del. (AP)—Gov. J. Caleb Boggs Friday issued a call for citizens' cooperation in reopening Milford High School Monday to both Negro and white children, warning that "law and order will be preserved."

The governor spoke out in a taut situation in this southeastern Delaware community over the first admittance of Negro pupils to the town's only high school.

"I must insist that no disorders, threats or violence take place," Boggs said in a statement issued at the state capital in nearby Dover. "I call upon every citizen, regardless of his personal views, to see that law and order and calmness prevail."

Boggs issued his statement following a decision by the state Board of Education to operate Milford schools, starting Monday, without racial segregation. The state board acted after the Milford school directors resigned en masse Thursday night. Both state and local boards favored compliance with the U.S. Supreme Court ruling forbidding racial segregation in public schools.

As the governor made his appeal for cooperation there were reports that the Delaware National Guard in Milford might be alerted to stand by in case of trouble.

There also were reports that opponents of integration were planning a mass meeting to consider their next step.

GENERAL WILL RETIRE, BECOME MINISTER

BATTLE CREEK, Mich. (AP)—Brig. Gen. Lester J. Maitland says he expects to retire as state director of civil defense and Michigan director of aeronautics within a year to become an Episcopal minister.

Maitland told newsmen he has been an Episcopalian for 25 years and had been thinking about entering the ministry for some time. He said he definitely made up his mind last year and began studying in February.

Maitland was accepted as a postulant in May by the Rt. Rev. Herman Page, bishop of Northern Michigan.

The retired army officer was military aide to the late Brig. Gen. Billy Mitchell, an air pioneer, from 1921 to 1925. He was commander of Clark Field in Manila when the Japanese attacked in 1941.

COUNTY BOARD CANNOT ORDER COUNTY OFFICES CLOSED

SPRINGFIELD, Ill. (AP)—Atty. Gen. Latham Castle held Friday that a county board may not legally order a county office closed on Saturday or any particular day.

The opinion was requested by State Atty. James P. Kellested of Peoria County.

## Atomic Tests Start Early In 1955

WASHINGTON (AP)—The United States will begin another series of atomic tests at the Nevada proving grounds early in 1955.

The Atomic Energy Commission disclosed this Friday in an announcement warning public officials, ranchers, miners and others in southwestern Utah and southern Nevada that it is preparing the proving ground west of Las Vegas for a series of atomic tests commencing early in 1955, probably about mid-February.

The nuclear weapons and devices to be tested presumably will be standard fission explosives.

The United States had confined tests of hydrogen bombs to the Eniwetok proving grounds in the central Pacific, using the Nevada area for the smaller explosions of the conventional atomic weapons.

The brief announcement said the 1955 series "will conform generally with those previously conducted in Nevada, including participation and support by the Department of Defense and Federal Civil Defense Administration."

The last tests in Nevada were in the spring and early summer of 1953.

## Cost Of Living Drops 0.2 Per Cent

WASHINGTON (AP)—Government figures showed Friday the cost of living went down 0.2 per cent in August to exactly the same level of a year ago—115 per cent of the 1947-49 average.

The Bureau of Labor Statistics said that, compared with July 1954, August showed decreases in the cost of food, house furnishings, apparel, transportation and recreation.

Gas and electricity charges were listed as unchanged from the previous month and there were increases for other fuels, housing, rent and medical care.

With more livestock coming to market, there were cuts in the price of every kind of meat, with a 4.5 per cent reduction on bacon, pork chops and leg of lamb leading the list.

Eggs and milk rose seasonally, but even so eggs were selling for about 13 cents a dozen less than a year ago.

PANTS FOR HOME

ELGIN, Ill. (AP)—Al Stewart has one pair of pants he is not wearing. They were hanging on the line after a washing when a pair of wrens built a nest in them. Now there are three eggs in the nest and the trousers are pinned securely to the line for the duration.

## Editorial Comment

### WHY DEFEND QUEMOY?

Secretary of State John Foster Dulles said the thing the nation wanted to hear when he voiced confidence that American military might would succeed in turning back any Chinese Communist attack on Formosa.

Formosa's strategic importance to the United States is well established. It is part of an island chain that also embraces the Philippines, the Ryukus (Okinawa) and Japan. This chain is America's first line of defense in the Pacific. The loss of any link would imperil the rest.

But, publicly at least, Dulles stepped into new ground when he told newsmen pressing him on the issue that the defense of Quemoy, the Chinese Nationalist island seven miles off mainland China, is "primarily related to the defense of Formosa and is being considered and studied in that light."

The key to this comment may be in the words "primarily related." The question in citizens' minds is just how Quemoy's defense is related to Formosa's. Since the latter is upwards of 100 miles from the mainland, it is nearly as far from Quemoy. Its conquest by Red China would thus hardly put the Communists a big stride toward Formosa.

To contend, therefore, that the U. S. defense barrier must now be bulged westward 100 miles to include an island within shelling distance of China's mainland is really to advance a whole new defense concept.

When the high-level studies alluded to by Dulles are completed, the American public should be given a clear understanding of the place our military experts give Quemoy in the strategic picture.

There is no question that Quemoy in Chiang Kai-shek's hands is a valuable weapon of harassment against the Reds. And if they should ever seriously attempt an invasion of Formosa, the Quemoy Nationalists could prove a source of major interference with Red attack plans.

But supposing that interference did not occur, that the Reds seized Quemoy before undertaking a Formosa invasion? Would Formosa be doomed or its defense even moderately compromised because Quemoy had fallen first?

American military men have made no public representations to this effect. Nor have our diplomats, until Dulles used the words "primarily related."

Until he or they explain those words, the American people cannot help having certain doubts about this country's posturing in the Far Pacific. If we are to defend Quemoy in event of attack, we really ought to know why.

## The World Today

By JAMES MARLOW

WASHINGTON (AP) — The United States and Russia can't get along even on President Eisenhower's proposal for a world pool of atomic materials for peaceful uses, set up under an international agency.

He first made the suggestion last Dec. 8 before the United Nations. So that the United States and Russia wouldn't get into a public propaganda fight over it, he suggested the two countries discuss the idea quietly.

They did and got nowhere. Finally, impatient with the delay, Eisenhower on Sept. 6 said this country and some other nations, but not Russia, had agreed to go ahead and set up the international agency.

Thursday more than 10 months after Eisenhower offered his idea at the U.N., Secretary of State Dulles addressed the same world organization on the same subject.

What he said was not essentially different from what Eisenhower already had said. He did say, as Eisenhower had, that this country was going ahead without the Russians who could come in if they wanted to.

Why wouldn't the Russians come in? All the details of the discussions between Washington and Moscow are not known. Dulles said he was willing for them to be made public.

But the State Department had previously disclosed, and Dulles repeated it Thursday, the No. 1 stumbling block was a demand by the Russians that:

Before there could be a world pool of atomic materials for peaceful uses, this country must agree to outlaw the atomic and hydrogen bombs.

That was an old one which the United States wouldn't accept the first time the Russians offered it, and that was years ago when the two countries could not agree on world disarmament.

This country took the position that an agreement among countries they would never use the bomb was not enough, because it left the door wide open for any country to cheat.

The United States insisted on a system of international inspection which could make sure — since the inspectors could dig around in every nation — that no nation had kept any atomic bombs and that none was making them.

Eisenhower had proposed an international agency — he didn't suggest it be part of the United Nations — to handle a world pool of peaceful atomic materials. Dulles Thursday said he hoped the agency could be in business next year.

## A Glance INTO THE PAST

### 10 YEARS AGO

Mrs. Ada Belle Havens, 45, was killed when struck by an automobile near Winchester.

Mrs. Laurence Flynn St. 86, died at Our Saviour's Hospital.

Mrs. Z. J. Watts and Mrs. Susan Whitlock both of Modesto were killed when struck by an automobile while crossing the state highway at Modesto.

Classes were started at Illinois college.

### 20 YEARS AGO

Work on the \$22,000 waterworks at Winchester was progressing.

Charles Potter, 74, died at his home on Mound Road.

Jacksonville mail carriers and their families enjoyed a steak fry at Lake Matanzas.

Mrs. Leta Hayes, 42, died at Bluffs.

### 50 YEARS AGO

The Colonial Inn was transformed into an annex of Oaklawn Restaurant by Mr. and Mrs. J. Thompson Sharpe.

A lone robber armed with a pistol forced Roy D. Fentress, night telegraph operator at the Wabash Railroad ticket office, to open the safe and give him \$180 in cash.

The Waverly Driving Club held a matinee at the Col. Fletcher Driving Park.

J. F. Woodmansee, 9, died at Waverly.

### CHANCE MEETING

CHARLOTTESVILLE, Va. — Two army nurses driving from Ft. Sam Houston, Tex., to New York, on a chance meeting here.

by different routes hadn't counted. Lt. Irene Kay Walcott's car crashed into the rear of another on the outskirts of this city. Driving the other car was her friend, Lt. Elizabeth Quigley. Result was some property damage, but no serious injury.

### SENIOR CITIZEN'S HOME

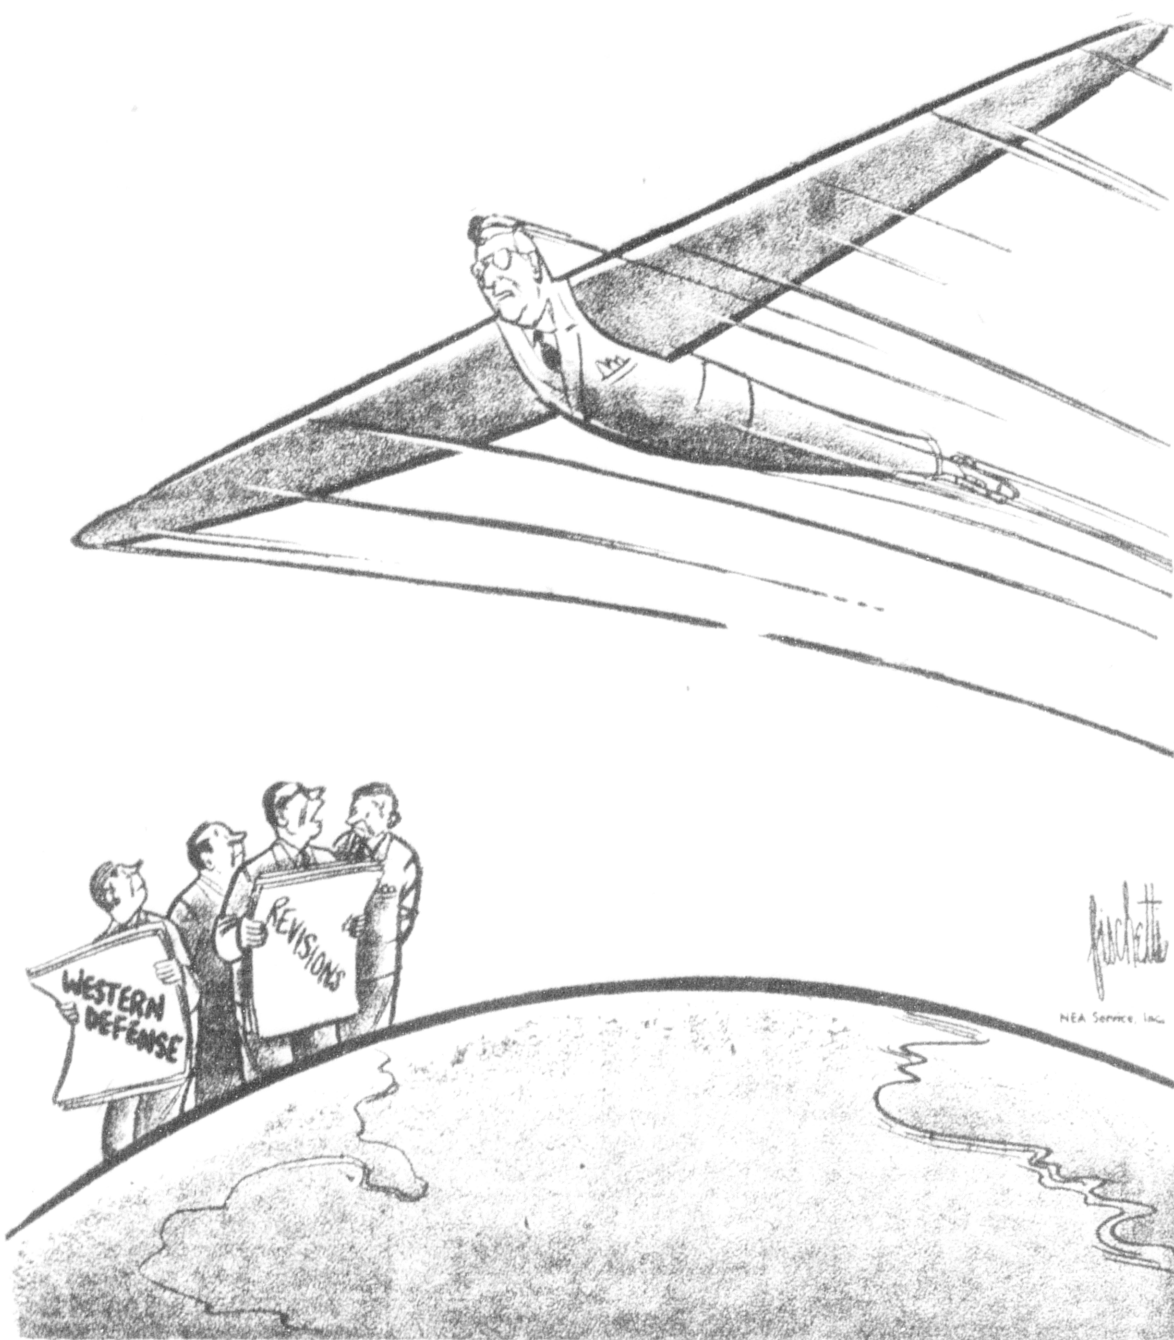

KALAMAZOO, Mich. — An elder folks' housing project which may help to solve the U.S. problem of homes for the aged is going up here.

A start has been made on the first unit of the \$380,000 "Senior Citizens of Kalamazoo" project. The unit is expected to be completed by next year.

Sponsors say the project may serve as a model for other communities which have a problem in housing elderly persons.

The Senior Citizens Fund is behind the Kalamazoo venture. The fund was set up eight years ago by the city commission. The fund has been built from bequests and other contributions.

### New Drug Slows Clotting of Blood But Is Held Unlikely to Help Hardening of the Arteries

BY EDWIN P. JORDAN, M.D.  
Written for NEA Service

With all of the talk of new drugs it is not surprising that some of them need to be explained.

Q—Is dicumarol of any help to prevent further damage to the arteries after hardening has set in?

S F A—Dicumarol is a preparation originally found in spoiled sweet clover. When given to human beings it delays or slows the clotting of the blood. It is difficult to give just the right amount and although it has uses in medicine, I believe that few physicians feel it desirable to give to patients with hardening of the arteries except under exceptional circumstances.

Q—Two years ago I burned the pigment off my nose with acid which left it red. Can the pigment be tattooed back on?

M S A—It seems unlikely that this would be successful but it is impossible to say without seeing it. I should think that a skin specialist should be consulted to see if he could suggest any method to re-

turn the nose to its normal appearance or nearly so.

Q—Please discuss the reasons for pauses or extra beats of the heart which suddenly start bothering me.

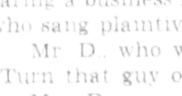

Bill W A—The most likely condition is that known as extra systole. This is rather common and usually has no serious significance. In the presence of anything of this sort, however, the heart should be carefully examined and special tests made with the electrocardiograph, to make sure that the irregularity of the heart is not of some other variety.

Q—Since I am pregnant I am much concerned about what happened to another woman who lost her life at childbirth. The day after she had her baby (she was 40 years old) she died of a blood clot. What causes this?

Anxious A—This is presumably one of those unfortunate deaths from a clot going to the lungs causing what is known as pulmonary embolism. It is a tragic situation when it does occur but is so rare that no woman should worry about it during her pregnancy.

Q—I have what is called a hammer toe on one foot. Can you discuss this?

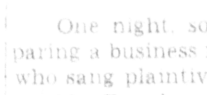

B H H A—Any toe may be bent, resulting in what is called a hammer toe, but the second toe is most frequently involved. This is the result of pressure from a shoe which is too short and narrow. Usually this begins early in childhood and is often accompanied by bunions. If attacked early, splinting of the toe and manipulating it may relieve the discomfort. If this

### We Have Right to Control Child's Actions, Not Feelings

BY MRS. MURIEL LAWRENCE

One night, some months before his son was born, Mr. D. was preparing a business report. His wife tuned in their radio to a popular crooner, who sang plaintively of the romantic suffering of a young man.

Mr. D. who was having real trouble with his business report, yelled, "Turn that guy off! Gosh, who writes that stuff anyway?"

Mrs. D. was wounded by this intrusion of a real feeling upon a phony one. She refused to kiss Mr. D. good night.

After David was born, he, too, felt unromantic emotions. If he was removed from a lamp cord that interested him, he felt anger. Accordingly, he would push at his mother—and she would get wounded again. So she would try to charm David into changing his unflattering anger into something else.

Kneeling beside him, she would croon, "Davy's not angry at Mommy. No, He loves her as big as the world. Tell Mommy you love her, darling."

Gradually, he began to lose touch with what he felt himself. When he was told that he really didn't want to play with a friend his mother disapproved of, he believed her. Later, he believed he wanted piano lessons.

Still later, when he said goodbye to a girl who might have changed things, it was because he was sure that his feeling for her was "just the sex attraction" his mother said it was.

However, in his third year at college, he found his solution to a life ruled by somebody else's feelings. In alcohol, he found exactly the out he'd been looking for. Drunk, David could express unpleasant feelings all over the place without any obligation to control them.

The point of this column is that though we are entitled to control a child's action, we have no right whatever to manipulate his feelings. If we would get this distinction clear in our heads, fewer young people would be jamming psychiatrists' offices.

In the adult sense, small children are incapable of love. They want what they want, regardless. When they can't have it, they react with raw and primitive feelings.

We control the pushes and kicks; the feelings we leave alone, neither condemning or trying to change them. And, the child learns to control them.

Unfortunately for children, we civilized parents have little experience with raw and primitive feelings. We learn life from the radio crooner and movie tough guys. So when a small child faces us with these feelings, we are appalled.

We plead with him by moral platitudes that he doesn't understand, rather than by the simplicity of a firm hand restraining his kicking leg. Thus he is cheated out of his emotional evolution. He is also tricked out of self-control.

### Huge Work Load Faces New Internal Security Division

BY PETER EDSON

WASHINGTON (AP) — The

new Internal Security Division of the Department of Justice is just into the Department of Justice, beginning to get organized under the newest of eight assistant attorneys general. He is William F. Tompkins, 41, former dope ring and racket-busting U. S. district attorney for New Jersey.

Among other things, his job will be to administer the new Communist control, or anti-subversive laws passed by Congress in closing days. They cover such things as increased penalties for bail jumping harboring of fugitives, espionage and sabotage.

They include the new Communist infiltration organization law, for feature of citizenship, the granting of immunity to government witnesses, the printing press bill which makes subversive organizations register all their printing machines, and the so-called Alger Hiss bill, which will deny U. S. pensions to ex-government employees convicted of a crime.

In addition to all this new business, the new Internal Security Division inherits all the old cases in this field formerly handled by the Criminal Division. This work includes all the Smith Act cases against Communist conspiracies, Subversive Activities Control Board cases, espionage, treason, sedition, perjury, contempt of Congress and atomic energy security cases.

Also Included Are the old big-name cases—Harry Dexter White, Owen Lattimore, Harry Bridges and the like.

His aim is to get the Department of Justice docket of internal security cases on a much more current basis. Mr. Tompkins won something of a reputation for getting the New Jersey federal court docket brought up to date. That helped bounce him into his present job.

His principal activity now is recruiting a new staff of about 40 attorneys competent to handle internal security cases. Some 60 lawyers were transferred over from the old internal security section in the Criminal division. But to handle the new internal security work, load will require a staff of 100.

As an example he cites a recent paper-back book on "McCarthyism" which he picked up while waiting for Congress to act on one of his new bills. In a chapter on Owen Lattimore, it was mentioned that 14 witnesses had identified him as a Communist. Tompkins checked up and found that 13 reported it on hearsay.

"A lot of people would like to have me denounce McCarthy for things like this," says Tompkins, "but I won't do it." He has met the new internal security work the senator only once, briefly, at load will require a staff of 100.

## U.S. Rejection Of Preventive War Weakens: Hensel

PHILADELPHIA (AP)—A Pentagon official says America's military power is reduced in some respects by the nation's rejection of the concept of preventive war.

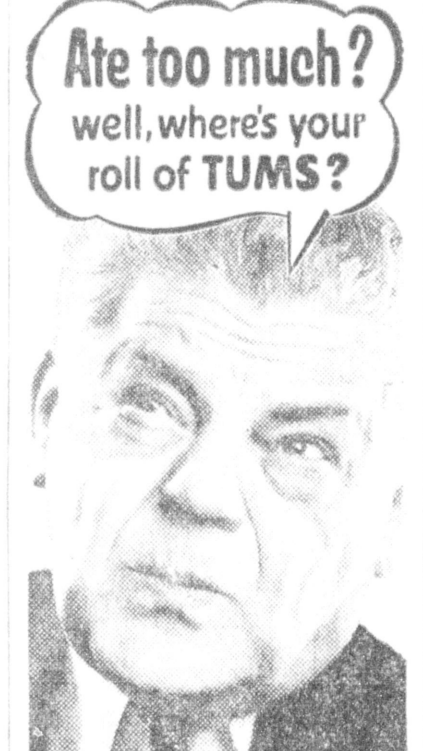

H. Struve Hensel, assistant secretary of defense, added, however, that America is "militarily stronger by far than its challenger."

In a speech at the Golden Slipper Square Club, Hensel said he is opposed to preventive war, but added:

"It may be debatable whether we should wait for a surprise attack by the enemy before deciding that there is no alternative to making war."

He declared that "we are preparing ourselves to fight successfully when and as the threat to our security reaches the point where war is the only acceptable alternative."

DIGS UP LOST WALLET  
NORTH PROVIDENCE, R. I. (AP)—Romeo Johnson lost a wallet containing \$39 while working on a water main project two years ago. Working on a sewer project on the same street Thursday he saw a fellow worker uncover the wallet 15 feet from where he lost it. The money was all there, too.

## \$100,000 Haul From New York Bank

MOUNT VERNON, N. Y. (AP)—Two holdup men forced employees to open the vault of a bank today and escaped with approximately \$100,000.

They tied up the manager and three tellers of the Fulton avenue drive-in branch of the County Trust Co. shortly before the bank was scheduled to open at 8 a.m.

Branch Manager Edmund Tichner managed to roll over to a floor button and sound an alarm to police headquarters at 8:01, shortly after the robbers fled with the money, intended for payrolls.

## Says Larger Sub Fleet Would Face U.S. In New War

CHICAGO (AP)—Secretary of the Navy Charles S. Thomas says that in another war the United States would be faced with an enemy submarine fleet of a "size never before equaled in the history of naval forces."

Thomas spoke Thursday night at a dinner honoring sailors who captured the German U-boat 505 in the Atlantic during World War II. The old U-boat was brought to Chicago as a permanent memorial to the 55,125 Americans who lost their lives in defeating the submarine menace in two world wars.

Formal dedication of the U-505 as a memorial at the Museum of Science and Industry will be held Saturday afternoon. Fleet Adm. William F. Halsey will be principal speaker at the dedication ceremonies.

Thomas said the Russian submarine threat is the greatest in all naval history, but he declared the U. S. Navy is capable of dealing with it—"from the factory, to the base, to the high seas."

He said Russia now has more than 350 submarines and can produce more at the rate of about one a week.

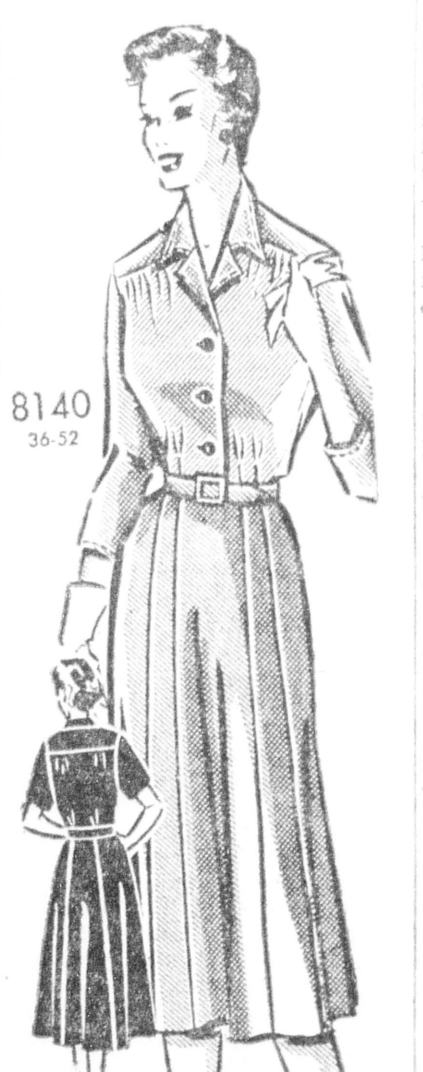

## ILLINOIS DRAFT QUOTA 1,119 FOR NOVEMBER

CHICAGO (AP)—Illinois will be asked to furnish 1,119 men for induction into the Army in November, Col. Paul G. Armstrong, State Director of Selective Service, said today.

The November call is the latest for Illinois since June 1953 when the state drafted 2,608 men.

EASY PICKIN'S—"I got tired draggin' that sack, so I just built me this little buggy," says cotton-picker Hezekiah Stinson, at Caddo Mills, southwest of Greenville, Tex. And for 10 years he's been wheeling it up and down cotton rows all over Hunt County, carrying no-telling how many pounds of cotton to the scales. Stinson said he has been improving it a little now and then and the last time he had it weighed it tipped the scales at 160 pounds. "Pulls easy, though," he says.

## Interpreting The News

By J. M. ROBERTS  
AP News Analyst

Observers were speculating Friday night whether Soviet Russia intended finally to join President Eisenhower's international atomic pool, or whether she just wanted to bring it into the United Nations where she might have a voice in the whole matter.

There was a possibility that she hoped bringing the matter before the General Assembly might give her an opportunity to get it set up more to her liking than at present, since it has been virtually organized already, putting her in the position, if she does want to get in, of having to join something devised entirely by others.

Since he wanted the vote placing the pool on the Assembly agenda made unanimous, Vishinsky may also have had in the back of his mind that such action would make it very difficult for the United States to go ahead with the organization outside the U. N., as she has been doing, despite Secretary Dulles' suggestion Thursday that the world organization sponsor a conference on the subject soon.

The United States has expressed the fear that if the pool were affiliated with the U. N., Russia would manage to interfere with its operations. This was when officials considered Russian membership much more remote than it appears today.

The fact is, however, that the Assembly can set up such special agencies in any manner it wishes. It can require reports or it can bypass them. It can accept the association of agencies already formed—as it did in the case of the Postal Union and many others—or it can organize them itself. In any case an agency can be left free to operate without interference from U. N. members who do not join it, as Russia has not.

## BIBLE THIEVES

JACKSON, Miss. (AP)—Charles Brantley of Jackson used to hide his savings in his Bible.

But, that's all over now. It stopped after a visit by two young women friends, identified by police as Alberta Daily and Sarah Thomas.

Police said the women grabbed Brantley's Bible containing \$630 within its leaves and fled. As they ran, they pulled out the money and threw the Bible away.

Police charged the women with grand larceny and recovered most of the money.

joined many of the special agencies already existing.

To have Russia come in should fit American policy regardless of whether she does so with the intent of cooperation or obstruction. There need be no vetoes, since the pool will not deal with atomic matters involving national security, but only with peaceful uses.

If Russia should come in merely for the purpose of obstructing a program which has as a chief objective the development of atomic power for underdeveloped nations, she would merely be cutting her own propaganda throat.

If, on the other hand, she displayed a spirit of cooperation, it would foster another of the original ideas behind the project—that if an East-West working agreement could ever be established in one field, it might open up others.

## Suspended Officer Restored After Killing Of Robber

CHICAGO (AP)—A suspended policeman was quickly restored to duty and commended by high officials Thursday after he was injured in a gun battle in which he killed a robber.

Police Commissioner Timothy O'Connor said of the performance by officer Jack Hastings:

"It was an excellent piece of work."

Hastings, 43, was walking along a South Side street Thursday when he heard a buzzing noise, which attracted him to a saloon. There, inquiring about the noise, he was told it was an alarm from a clothing shop next door.

Hastings borrowed a gun from the saloon and started for the shop, where he ran into an unidentified Negro, running from the shop with an armload of stolen clothing.

Both began firing. Hastings wounded in the right hip, and the Negro slain.

Hastings was suspended Wednesday for failing to report for duty without notifying his station. He later explained he had been called out of town because of the death of a brother, and a note he left for police superiors had not been delivered.

On Sunday Mr. and Mrs. John Bammann, their daughter and family, Mr. and Mrs. John Beschoner and son, Freddy, also of Washburn and Mr. and Mrs. Roscoe Fritsch enjoyed a picnic dinner in the yard of the Franke home, near Arenzville.

## Iraq Figures Reds Should See Nation Of First Loyalty

By WILTON WYNN

BAHGDAD, Iraq (AP)—Iraq figures that Communists should have "an opportunity to visit the country to which they pay their first allegiance."

That was the view expressed by Prime Minister Nuri Said in proclaiming an ordinance threatening Communists with loss of citizenship and deportation.

The ordinance was issued as an amendment to an older law outlawing communism, under which convicted Communists received prison sentences up to 12 years. In extreme cases, the death penalty was given, and some convicted Communists have been hanged.

The job of implementing the new law falls to Iraq's Kurdish minister of the interior, Said Qazazi, a coldly efficient administrator already noted for smashing communism in Iraqi labor unions.

"We don't intend to wait till the Communists are strong enough to take over this country. We are taking preventive measures now," Qazazi said.

## Toastmasters To Install New Officers Soon

Under the gavel of president Robert Werner, the Athenian Toastmasters club opened its dinner meeting at the Southern Air Wednesday night.

Plans were made for guest night and installation of new officers to be held Sept. 29 at 6:30. A number of guests have already been invited, and president Werner has requested that all reservations for guests be phoned to him at 1399W by Monday evening, Sept. 27.

Chairman Severin Bruyn announced plans for an achievement contest to start Oct. 6. Howard Brown offered as a prize a new portable sewing machine to be given within the next few months to the winner.

Melvin Akers reported the fall conference "Union of Toastmasters International at the St. Nicholas in Springfield Oct. 10."

Toastmaster Brown introduced this program: Herold Swisher, "Poison All Around Us;" John Hadden, "The Phosphate Story;" Paul Barnes, "Give Me Liberty."

Impromptu chairman Oliver McIlraith, who had just returned from a safety conference with Goy Stratton, called for several random talks. Herold Swisher was voted best speaker.

## Editor Turned Legman On Last Lap Of Canal Hike

LOCKPORT, Ill. (AP)—L. S. Clemens, a city editor turned legman for a week, left Lockport today on the last lap of his walking trip along the 96-mile Illinois-Michigan Canal.

The canal hasn't been used for years. Clemens is making the hike to call attention to a proposed amendment to the Illinois Constitution which would permit the state to sell or lease the old waterway. The proposition will be on the ballot at the Nov. 2 election.

Clemens left Peru Monday. He expects to reach Summit in the Chicago suburban area about 2 p.m. today. Clemens is city editor of the Ottawa Daily Republican Times.

## Asks Probes Over U.S. In FHA Fraud

WASHINGTON (AP)—Asst. Atty. Gen. Warren Olney III has called on the 94 U. S. district attorneys across the country to hold grand jury probes wherever wrongdoing is spotted in federal housing programs.

"If this problem of moral and administrative disintegration in the Federal Housing Administration is now met vigorously and effectively," Olney added in a circular letter to DAS Thursday night, "it can be assumed that the beneficial effect... will permeate all branches of federal administration."

## Girls Like Boys' Different Attire

CHICAGO (AP)—Some of the boys—not the girls—appeared at North Park Academy Thursday wearing Bermuda shorts. The girls, said Principal Clifford Swenson, never have attempted a similar stunt.

The boys were permitted to attend classes at the private school, said Swenson, who explained: "We have no regulations regarding dress for students or teachers. But of course, we expect good judgment to be used."

The girls, Swenson added, "were interested. I guess they like to see the boys dress differently now and then."

## JOHNNY'S HOMEWORK

CAT  
DOG  
HE

Will you help Johnny with his homework?  
Of course! You are willing and eager to help. If Johnny is to be happy and eager to help, if life, he must have every educational advantage possible. You want to prepare him.

But what about Johnny's church school homework? To prepare Johnny for life, he must have more than a head full of history and geography and multiplication tables. Johnny must have a heart full of love and a soul dedicated to God. To find purpose and meaning in life, Johnny must have faith, not just fact and figures. Bring Johnny to Church School and Church every Sunday.

Afterwards, help with his papers and talk over the lessons. Make his church school homework as much your responsibility as his public school homework. Help Johnny prepare for victorious, Christian living!

THE CHURCH FOR ALL...  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

You'll always be glad you bought a Chevrolet  
(and now's a great time to buy one)

Isn't it great to hum along the highway in a car fresh out of the showroom? But how long will that new car pride and pleasure last? This is why it lasts longer if you buy a new Chevrolet . . . and why right now is such a smart time to buy one.

You'll stay proud of Chevrolet's lasting good looks. You won't find another low-priced car with the look of quality you see in Chevrolet. And if you like Chevrolet's looks now, you'll like its looks always. For there's fine design in those clean and smoothly curved lines (nothing "boxy" about Chevrolet!). Fine design like this, you know, always wears well—never really goes out of style.

You'll enjoy exclusive features for finer motoring. Chevrolet quality runs deep. There's more

pride for you in the only low-priced car with the finer materials and workmanship of Body by Fisher. There's more fun for you in the highest-compression power of any leading low-priced car. (Higher compression means more ginger in the going and more miles out of the gas.) There's more safety for you in the biggest brakes and the only full-length box-girder frame in the low-price field. And there's more comfort for you in Chevrolet's smoother, softer Unitized Knee-Action ride. Down to the last detail, Chevrolet's more finely built . . . it's even the only car in its field with Safety Plate Glass in all windows of sedans and coupes!

You save when you buy and when you trade. Even so, Chevrolet is priced below all other lines of cars. (That's possible because Chev-

rolet builds the most, and can build 'em better to sell for less.) And at trade-in time, you'll be ahead again from Chevrolet's traditionally higher resale value.

You'll get a special deal right now. Right now, we're in a position to give you the deal of the year on a new Chevrolet. Come in and let us show you how much you'll gain by buying now!

Now's the time to buy!  
Get our big deal! Enjoy a new . . .

## Glasgow Minister, Wife To Be Feted Sunday Afternoon

GLASGOW—The Glasgow Baptist church is planning a basket dinner Sunday in the church basement honoring Rev. and Mrs. F. R. Parker, following the morning preaching hour. The public is cordially invited to enjoy this day of fellowship. Please bring your basket of food and table service.

Missionary Society Meets  
 The Baptist Missionary Society held their September program in the local church Wednesday after-

noon, Sept. 22. The program was presented as follows: Song service, Trust and Obedience to Jesus and 'Tis So Sweet To Trust In Jesus. Devotional period conducted by president, Mrs. Dessie Lewis, followed by prayer offered by Mrs. Jessie Terhune. Roll call was answered by a Bible verse containing the word Trust. Mission Digest was given by Mrs. Veta Sherwin. Mrs. May Hester presented to the group an account of the life and mission work background of Kenneth D. Miller, author of the new study book, Man and God in the city. Mrs. Jessie Terhune contributed The Drive To Get Ahead, first chapter of the new lesson book. Benediction by Mrs. May Hester. ## Strong Macomb Team Beats Crimsons 15-7

The Jacksonville Crimsons traveled to Macomb last night and fell to the host team by the score of 15-7.

## Littler, Furgol Lead In Golf's World Series

WASHINGTON (P)—Young Gene Littler, who turned pro after winning last year's National Amateur Championship, and Marty Furgol, a husky veteran, set the pace Friday with seven-under-par 135's at the halfway mark in the \$40,000 "World Series of Golf" Tournament.

Furgol was the only one of the five players tied for the first round lead Thursday with 67s who kept up the hot pace. The Lemont, Ill., pro shot a 68, three-under-par, but had to run down a tough 12-footer on the final hole to tie Littler.

The 23-year-old Littler fired a brilliant 62 to go with his opening 69. This gave the Palm Springs, Calif. pro the day's low score, which was equaled by Bo Wininger of Oklahoma City, who was third with 136.

Ralph Bogart, Washington amateur, stood fourth with 137, followed by Bud Holscher, Santa Monica, Calif., with 138. They were among those sharing the first round lead. In sixth place was Ed Oliver, Wilmington, Del., with 139, while five were tied at 140. These included Walter Burkemo, former PGA champion from Franklin, Mich.

The tournament is being played at the 6814-yard Congressional Country Club.

## Pittsfield Whips Notre Dame 20-12

PITTSFIELD (Special)—The Pittsfield Saukees defeated Notre Dame of Quincy last night by the score of 20-12 on the new Pittsfield field.

Sanderson scored two touchdowns to pace the Saukee attack. In the first period the halfback went over after Pittsfield had marched down the field. Heavener made the conversion. Frazier scored the second TD for the winners in the third quarter. Sanderson came back in the final period to score the deciding touchdown for Pittsfield. He intercepted a pass and raced 30 yards into the end zone. Heavener made the conversion once more.

Notre Dame's touchdowns were scored by Baliz and Davis.

## 2 New Coaches Open Tough Seasons Today

By HUGH FULLERTON JR.  
Associated Press Sports Writer

Two young head coaches, facing terrific assignments at the beginning of their new careers, stood out like islands of optimism in the customary sea of tears Saturday as the bigtime college football opened on all fronts.

Terence Patrick Brennan, the smiling 26-year-old who succeeded Frank Leahy as Notre Dame's head coach, and Hugh Duffy Daugherty, trying to fill the ample shoes of Bibbie Munn at Michigan State, refused to bow to convention and predict disastrous seasons for their teams.

They realized that disaster could strike in Saturday's opening games, with Notre Dame meeting a mighty Texas team and Michigan State facing potent, upset-minded Iowa. But, confining themselves to general statements, Brennan has said he expects to have what Leahy used to call a "representative"—Notre Dame team and Daugherty is on record as believing Michigan State's successes will continue.

The Irish are a 10-point choice to conquer the visiting Texans, who beat LSU 20-6 in their opener last week. Iowa and Michigan State are figured all even in their battle at Iowa City.

The ISD Tigers open their 1954 home football season this afternoon at 2:00 when they play host to the Oklahoma deer team.

Coach Jim Spink recovered well enough from his sick spell to be on hand for the Tigers practice session yesterday afternoon and will direct his team today as they go after their second win of the season.

Last season the Oklahoma eleven defeated the Tigers 13-6 in a rough and tumble affair.

Coach Spink plans to go along with the same lineup he used in the successful 31-0 conquer of Petersburg Monday night.

## Tigers Prevent Record, Beat Cleveland 6-4

CLEVELAND (P)—The Detroit Tigers stood off a ninth-inning rally and halted the champion Cleveland Indians 6-4 Friday, preventing the Tribe from winning a record 111th victory of the season. Southpaw Ted Gray held Cleveland to two hits until the ninth, and Jim Delsing and Ray Boone homered for the winners. The Tribe rally began with a homer by George Strickland.

Cleveland has two games remaining, both with the Tigers. Friday's loss was the Tribe's 42nd.

Bob Lemon, who was after his 24th win, suffered his seventh loss. Until the ninth, Gray allowed only a fifth inning single by Al Smith and an eighth inning double by Vic Wertz, neither of which figured in the Cleveland scoring.

## Bucky Harris Out As Washington Pilot; Dressen May Be In

By HERB ALTSCHULL  
WASHINGTON (P)—The Washington Senators announced Friday that Bucky Harris has resigned as manager, but Harris implied he was not.

At any rate, Bucky is out of a job with the end of the season Sunday and while nobody would say so for the record, it was widely believed that Chuck Dressen, former Brooklyn Dodgers' manager, will be his successor.

The sequence went like this: Clark Griffith, 84-year-old owner of the Senators and a longtime friend of Harris, told a news conference at Washington that he was announcing, at Harris' request, that Bucky had resigned.

Harris, in Boston for the closing games with the Red Sox, denied to reporters that he had resigned and hinted that actually he was being booted out.

Harris is winding up his third hitch as manager of the Senators, bogged in the second division. All told, he has managed them for 18 years, dating back to 1924 when he led the club to a pennant.

Meanwhile, it was learned from reliable but unidentified sources that Dressen in all likelihood will be signed to a three-year contract at between \$40,000 and \$45,000 a year. Harris reportedly earned \$30,000.

Griffith told reporters he would talk with "three or four" potential successors in New York Monday and that he hoped to be able to announce his manager on that day. The names mentioned in the discussion were Dressen, Phil Rizzuto, shortstop for the New York Yankees, and Jimmy Dykes, recently ousted as manager of the Baltimore Orioles.

## Michigan State, Iowa Top Big Ten Openers

CHICAGO (P)—A Big Ten season opener with title significance, champion Michigan State vs. Iowa, topped an eight-game program which launches the 1954 conference football campaign Saturday.

A second league contest takes Indiana to Ohio State, while six other Big Ten teams have non-conference engagements.

A second league contest takes Indiana to Ohio State, while six other Big Ten teams have non-conference engagements.

With exception of Michigan which invades Seattle to play Washington, the inaugural round is entirely confined to the Midwest. The other defending champion, Illinois is host to Penn State. Missouri is at Purdue. Nebraska at Minnesota. Marquette at Wisconsin and Iowa State at Northwestern.

The nationally televised Michigan State at Iowa game appears a key battle in the conference race which doesn't end until Nov. 20. Iowa, although thin reserves, has been mentioned as a title contender for the first time since 1939.

Michigan State, with its usual phalanx of speedy backs, generally is conceded the team to beat.

The scrap at Iowa City is rated a toss-up.

Ohio State is considered two touchdowns better than Indiana which hopes to deal some conference surprises with a heralded sophomore, Malt Campbell, Olympic decathlon star.

Although the Michigan State-Iowa battle has the TV spotlight, national interest also runs high in Notre Dame's first start under 26-year-old Terry Brennan against The Longhorns, opening with a Texas at South Bend, Ind.

20-6 victory over Louisiana State last Saturday, will try to inflict the first Irish defeat in a season opener since 1934 when Texas spoiled Elmer Layden's Notre Dame debut, 7-6.

The odds-makers have established Illinois, sparked by its fastest backfield in history, a 14-point choice over Penn State. Other favorites are Purdue 6, Wisconsin 13, Minnesota and Michigan by 14 and Northwestern by 21.

Quarterback Mick Brown paced the Hornet attack. Brown completed 11 of 18 passes including two touchdowns. He threw to Sturhahn, who scored on a 45 yard pass, and again to Mauch on a 40 yard play.

It was a close ball game the first three quarters before Hamilton broke away in the final period. Hamilton scored its final T.D.'s on reverses that completely fooled the Hornet defense.

## White Hall Edges Roodhouse 13-12

ROODHOUSE (Special)—The White Hall Maroons defeated Roodhouse 13-12 in a non-loop game last night. The visiting Maroons scored both of their touchdowns in the first four minutes of the game.

Begdon went off tackle 45 yards for the first White Hall score. The kick was good and White Hall led 7-0. Only a few minutes had passed when Brogdon fired a 20 yard pass to McClure and the Maroons hand their second T.D. This time the extra point failed but White Hall had an early lead of 13-0.

Roodhouse scored its first touchdown in the second period when Houseman intercepted a pass on the five yard line and raced 95 yards to score. He also scored the second Roodhouse touchdown as he went 60 yards on a pitch out in the fourth period. Both Roodhouse attempts for extra points failed.

The Roodhouse defense held the big White Hall line in check during the second half. The Railroaders had White Hall with her back to the wall several times in the closing minutes but couldn't score.

## Routt-Chapin Battle To 20-20 Deadlock

The Routt Rockets and the Chapin Bearcats gave the 1200 fans something to talk about as the two teams battled to a 20-20 tie in the PMBC Conference battle at the J.H.S. Athletic Field last night.

Both clubs scored twice in the final period in the thrilling seesaw affair. Going into the final quarter the two teams were tied at seven all. Routt scored first in the final frame when center Dick Lewis, who played sparkling ball throughout the game, grabbed a Chapin pass and raced 27 yards to score. The try for extra point was not good but Routt had a 13-7 lead with seven minutes to go.

But the Bearcats came right back to put on a march of their own. While the Routt defense was concentrating on the hard running Nelson Smith, another halfback Vincent raced 36 yards around left end to tie the score at 13-13 all. Smith scored the extra point as he picked Goffinette's fumble out of the air and scooted into the end zone. This gave the lead to Chapin and things looked black for the Rockets.

However, with just two minutes to go quarterback Jim DeVore began a series of pass plays that resulted in a Routt T.D. DeVore passed to Dowling and he carried to the Chapin 47. Two other passes to Dowling and one to Fredericks placed the ball on the Chapin 7. Doolin went over to score Routt's third touchdown and it looked as if the Rockets had a victory. This final Routt T.D. was made possible through the great quarterbacking of DeVore. Besides the three passes he completed, the senior signal caller picked up a much needed first down on an end run good for 15 yards.

With Routt leading 13-7 and less than 20 seconds to go Casler kicked off for the Irish. Vincent took the ball for Chapin, but fumbled and his Nelson Smith grabbed the pigskin and started down the west sideline. Several Routt players made a grab for the back but he kept on his feet and raced into the end zone to score the third touchdown for Chapin and tie the score once more. It was an 80 yard run that brought the Chapin fans screaming to their feet.

This put the pressure on the Routt forward wall and Smith. Everyone on the field and in the stands knew it would be Smith carrying the ball in the try for extra point. However, the strong Routt line that had looked so good during the first half stopped the Bearcat and left the score at 20-20.

Chapin kicked off with five seconds to go but the ball rolled dead and the whistle blew ending the game.

Routt's first touchdown came in the second period on a series of plays that began on their own 40. The Rockets began opening holes and Flynn, Fredericks and Doolin took turns carrying the ball. The play that set up the T.D. was on Shelbyville 20, Effingham 9.

## Spahn Notches 21st Win Against Cards 4-2; Braves Nip Reds 4-3 In Replay

By CHRIS EDMONDS

MILWAUKEE (P)—Another first in Milwaukee's fabulous major league history—two victories over two different teams on the same day—went into the National League record books Friday.

First, the Braves nipped the Cincinnati Redlegs 4-3 in the resumption of their protested game of last Wednesday. Then they beat the St. Louis Cardinals 4-2 in a regular nine-inning game. The unique "doubleheader" ordered by National League President Warren Giles.

The umpires, after an 18-minute conference, ruled that Borkowski's illegal running was in violation of rule 7.09 (E) and penalized the Redlegs by calling Bell out to retire the side and end the game.

Giles overruled the decision after Manager Birdie Tebbetts protested, and ordered the game to resume with runners on second and third and two outs.

Manager Charlie Grimm replace Wednesday's pitcher, Warren Spahn with Dave Jolly Friday.

Wednesday's game ended abruptly with considerable confusion after the Redlegs apparently had scored two runs to the game at 3-3 off Warren Spahn, who had come in at the start of the ninth.

Bell and Post were on second

and first with one out when Bob Borkowski, batting for Lloyd Mariman, struck out on a wild pitch.

Borkowski started running for first illegally and Bell took off for third with Post holding up. Milwaukee catcher Del Crandall retrieved the ball and threw to Eddie Mathews at third in a vain try to catch Bell.

Mathews' throw across the infield, drawn by Borkowski's run, hit Bob in the back and bounced into rightfield with both Bell and Post crossing the plate.

The umpires, after an 18-minute conference, ruled that Borkowski's illegal running was in violation of rule 7.09 (E) and penalized the Redlegs by calling Bell out to retire the side and end the game.

Giles overruled the decision after Manager Birdie Tebbetts protested, and ordered the game to resume with runners on second and third and two outs.

## BEANS EASE AS GRAINS MOVE UP

By WILLIAM FERRIS  
CHICAGO (AP)—Soybeans had an easier trend on the Board of Trade Friday but most of the rest of the market moved higher. Corn gave the best display on the upward side.

While trading was routine most of the session, a flurry of buying in the morning gave the market the lift it needed to carry it through to a higher close. Soybeans, however, did not participate in this buying flurry.

Wheat closed 3/4¢ higher, corn 1/2¢ higher, oats 1/2¢ higher, rye 3/4¢ lower to 1/2¢ higher, soybeans 1 1/2¢ lower and lard 5 to 12 cents a hundred pounds higher.

Corn's demand appeared to come mainly from previous short sellers. This grain had been quite weak in recent sessions with the local crowd predominately bearish, pointing to the possibility of competition from imports of low grade Canadian wheat and noting the fact producers may sell heavily as many overplanted acreage allotments and aren't eligible for the government loan.

Cash soybean receipts totaled 275 cars. Traders were expecting big receipts next week as the harvest in Illinois should be in full swing, possibly reaching its crest late in the week.

## CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Hogs gained Friday as salable receipts, totaling 5,000 head, fell 1,000 under the advance estimate. Butchers gained 25 to 50 cents while sows sold steady at 25 cents higher.

Most 190 to 275-pound butchers moved at \$19.75 to \$20.00 with a top set at \$20.10. That was down 25 cents from last weekend. A few 280 to 300-pound butchers brought \$19.50 to \$19.75. Sows were taken in a \$15.75 to \$19.25 range.

In the cattle section salable receipts totaled 700 head, mostly steady while other types were steady to 25 cents higher. A few young commercial kinds reached \$13.50.

Steers and heifers were quoted nominally steady. A few good and choice yearlings and light steers were taken at \$20.00 to \$25.00. Good and choice vealers moved at 16.00 to \$22.00.

Salable sheep receipts totaled 300. Good to choice native spring lambs were steady at \$18.00 to \$19.00 with a few prime at \$20.00.

## New York Bond Market

NEW YORK (AP)—Utilities gained in a narrowly mixed bond market Friday.

Railroads and industrials traded on a highly selective basis with changes minor. Utilities, however, were steady to higher. Most convertibles improved.

"Big Board" volume declined to \$2,870,000 par value from \$3,170,000 Thursday.

The Treasury bond market ended on a fairly steady note. Some intermediate term issues firmed in late dealings. But most issues were unchanged.

In the field of new finance, Indiana plans to sell 225 million dollars of 40-year revenue bonds sometime in December. Proceeds will finance a 141-mile Chicago to Indianapolis toll road. The issue will be secured by revenues from the new road only.

The industrial component of the average was up 1.00 at a new high of \$188.40, railroads gained 70 cents, and the utilities were up 20 cents.

Volume came to 2,340,000 shares, the same as Thursday.

The American Stock Exchange was mostly higher on 870,000 shares as compared with 880,000 shares traded Thursday.

STARLINGS BEWARE—Starlings around Cincinnati, Ohio, better go south after city officials planned a "shooting war" to rid the area of the birds. Lt. Edward Hirschauer shows how to draw a bead on the birds from an aerial ladder owned by the department. The birds will be scattered into the air by the playing of "Starling Distress Song," a recording played from a sound truck.

DOUBLE EXPOSURE—Curve for curve, there isn't much difference between Gloria Montaloni, above, and Marilyn Monroe, the girl she's filling in for during filming of the "Seven-Year Itch" in New York City. All she does is pose while the cameras and microphones are placed in the right spots. But she never gets photographed even though her measurements make her a double for the real Marilyn, shown in photo she's holding.

## TO TOP IT OFF?

IN A CAREER DATING BACK 19 SEASONS, THROUGH THREE NO-HITTERS, SIX 20-GAME YEARS AND MORE THAN 2,500 STRIKEOUTS, ONLY ONE MAJOR ACHIEVEMENT HAS ELUDED BOB FELLER...

...TO WALK OFF THE MOUND VICTOR IN A WORLD SERIES GAME... AND EVEN THAT GOAL IS NOW IN SIGHT...

## SPORTS TRAIL

By WHITNEY MARTIN

NEW YORK (AP)—Back in 1936 the Yankees were winning the first of four consecutive pennants, with fellows named Lefty Gomez and Lou Gehrig and Bump Hadley and George Selkirk, and a precocious youngster named Joe Dimaggio.

Ted Williams was breaking into pro ball at San Diego, Mickey Cochrane was managing Detroit, Rogers Hornsby was trying to do something with the St. Louis Browns, and Connie Mack had the A's just where they are today—eighth place.

The Cleveland Indians roster included such athletes as George Blaeholder, and Oral Hildebrand, and Bill Knickerbocker, and Hal Trosky, an Jim Gleason, and Steve O'Neill thought he had done right well to finish in fifth place.

The Spalding baseball guide of 1937, commenting on the Cleveland 1936 season, said the Indians never gave the impression of being a contender, that sometimes they used to do that, but about midseason would come puffing and snorting along and just about the time everybody was ready to get off the track the movement would subside.

It also carried this comment: "Toward the latter part of the season Cleveland uncovered a young pitcher who was literally a 'phenom.' His name is Feller and he comes from a minor league with which Cleveland has had dealings. It was not as much a miraculous curve that promised such grand things for him as it was his terrific speed."

Well, that same Robert William Andrew Feller, 18 years after that blazing debut, next week will be pitching in the World Series, the only player of the 1936 club still active in the major leagues. Only Mel Harder, now an Indian coach, remains on the Cleveland scene to remind Feller of his first teammates nearly a score of years ago.

The Johnny Allens and the Blaeholders and the Hildebrands and the Knickerbockers have been replaced by such names as Bob Lemon and Mike Garcia and Larry Doby and Al Rosen, but Rapid Robert remains, marching along with that jaunty, plowboy stride and still quite a pitcher.

It would be sort of a poetic justice if the 36-year-old former Iowa farm boy could win a World Series game.

He had his chances before—in 1948—and failed each time, one of the failures being a heartbreaker. He pitched two-hit ball in the first game, only to lose, 1-0, to Johnny Sain's four hitter, with the lone Boston run made possible by a still disputed decision.

That was the Feller-Lou Bourdreaux pickoff play in the eighth inning to catch Phil Masi off second. Umpire Bill Stewart called Masi safe, and he later scored. John Lindsay's Associated Press photo sequence of the play left considerable doubt as to the accuracy of the call, although the photos weren't conclusive by any means.

Anyway, he lost that one, and was soundly tagged in the fifth game, won by the Braves, 11-5, so his series record is two defeats and no victories.

This may be his last chance, although you never can tell. His performance this year — 13-3 last time we looked—indicates he might go on, and on, and on to that 300-victory mark.

## President Gives Assurance Of Free World Trade Aid

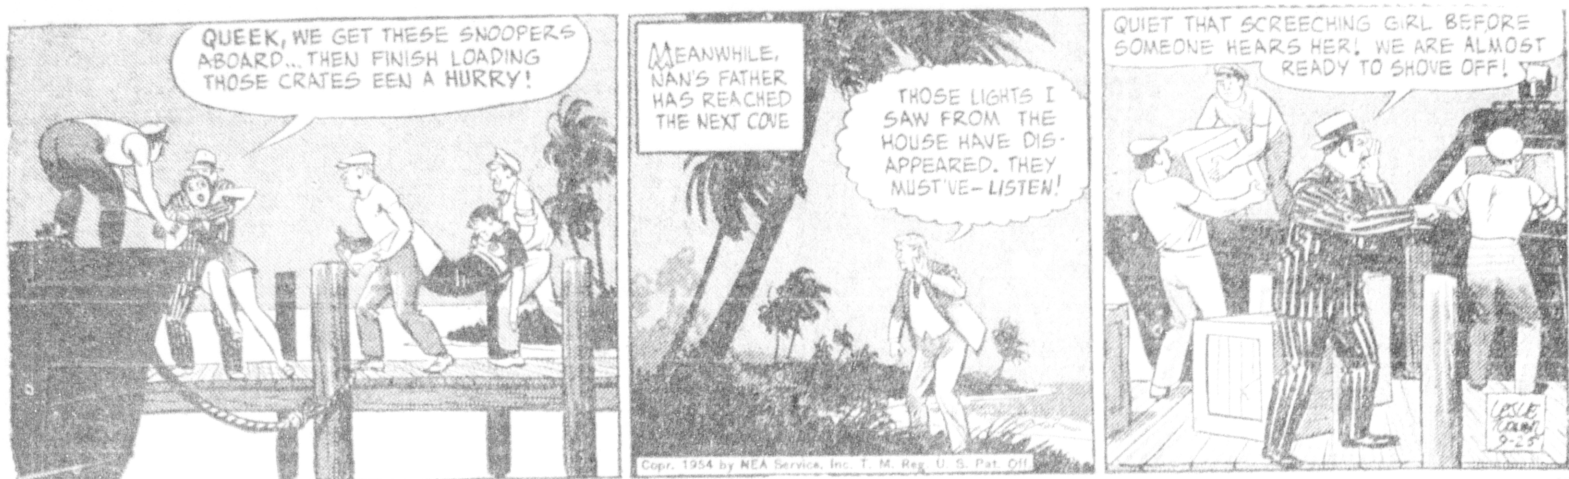

WASHINGTON (AP)—President Eisenhower told the International Bank and International Monetary Fund today the twin institutions have "the assurance of our support" in efforts to strike restrictions from free world trade.

Eisenhower, who is on a western tour, chose Secretary of the Treasury Humphrey to read his message to the opening session of a joint six-day meeting of the bank and fund governors.

Humphrey is attending also in his capacity as U.S. governor on the two 37-nation institutions

## Award Contracts For New Greene County Schools

CARROLLTON — The school building program for Carrollton Community Unit District No. 1, which the voters approved March 2, 1954, is now beginning as construction has been let for the construction of the addition to the Eldred building and for the new Woody Area building to be constructed at Mt. Gilead.

Jake Frech of this city was awarded the general contract on the Woody Area building with the Southside Hardware Company of Greenfield receiving the plumbing contract, the Greene County Electric Company, Carrollton, the electrical work and Manning Wetzell, Carrollton, the heating contract. The total cost of the building will be \$45,375.91.

The general contract for the addition to the present Eldred school building was awarded the Heinicke Construction Company of Collinsville. The Heinicke Plumbing and Heating Company of Jacksonville will install the heating and the Greene County Electric Company, Carrollton, will do the electrical work. The total cost of the addition is \$40,259.77.

The contracts for the work on the above buildings were let to the lowest bidders by the Carrollton Community Unit Board of education and the costs came within the expectations of the Board and also of the architect.

Plans for the new high school building to be erected in Carrollton are nearing completion and bids for this building will be received by the Board in December.

## Parade Cyclists Asked To Form In Proper Groups

Joe Grojean, parade marshal for the Kiwanis Club Parade to be staged Saturday morning through the business district has issued final instructions to all boys and girls who will participate.

The line will form at the intersection of West State and Church streets backward on South Church to West College avenue which will be blocked off for the formation.

Parents are to explain to all younger children to remember they are to remain in their own age or school grade classification. There are four classifications: primary, first through third grades; intermediate, fourth through sixth grades; junior, seventh through ninth grade and senior group, tenth through 12th grade, taking care of pupils from the first grade through the fourth year of high school.

Within each classification a child must know which of three possible groups he wishes to compete in the ride with, funniest decorated bike, prettiest or the most original.

All entries in the parade must be at the specified location by ten o'clock in the morning as marching is scheduled to start promptly at 10:30 to allow time for judging of the contestants in the Central Park from 10:45 to 11:30 a.m.

The parade route will go up West State street to the square, around the square and into Central Park. The Jacksonville high school senior marching band and a police escort will precede the cyclists.

## AFL Seeks New Job Right Plan To Aid Labor Peace

By NORMAN WALKER

LOS ANGELES (P)—AFL officials said today a new plan for settling job right rivalries between AFL unions will go a long way toward aiding labor peace.

The plan, calling for arbitration of such disputes that cannot be settled through negotiation, was unanimously approved Thursday by AFL convention delegates.

Jurisdictional fights between unions over what one's members should perform certain types of work have plagued the AFL for years. The convention's approving resolution said such strife has spurred much of the legislation restricting union practices.

Squabbles over work assignment have in the past often resulted in strikes and other labor troubles which employers have been powerless to settle.

The new plan leaves it entirely up to each AFL union on whether it will go along, but most of the AFL's 110 groups have indicated they will subscribe. Once they do, they stand committed to follow the plan's procedures, all unresolved disputes would be put up to an arbitrator, or neutral, for a binding decision.

Only a few months ago the AFL and CIO put a "no-raiding" pact into effect. This similarly puts any organizing fights between AFL and CIO unions into arbitration for binding decision.

A number of major unions, also, have negotiated bilateral agreements clarifying conflicting jurisdictional lines between unions and pledging that any disputes will be peacefully negotiated.

Two big unions, the AFL teamsters and CIO steelworkers, have refused to go along with the "no-raiding" agreement and Dave Beck, teamsters union president, has said his union will also refuse to join in the AFL jurisdictional plan.

## Mulligan Rites Held At Franklin

### LINCOLN SCHOOL PTA WILL MEET TUESDAY

The first meeting of the season for the Lincoln school PTA will be held at 7:30 p.m. Tuesday, Sept. 28, at the school. Russell W. Armstrong, well known local magician, will present the program. All children and parents are urged to come and remain for the social hour. Serving will be by the mothers of the sixth grade with Mrs. Francis Angel and Mrs. John Spencer, chairman.

### HARTLEY CHILD BURNS TO DEATH

WASHINGTON, Ind. (P)—Tragedy has struck again in the home of Mr. and Mrs. Cecil Hartley, whose two-year-old son died last April after living four months.

A sister, Shirley Ann Hartley, 3, suffered fatal burns from a bonfire at the family's farm home east of Petersburg, Ind. She died Thursday night in the same hospital where the unusual boy was born and died. Two sisters survive.

### FIRE CALL

Firemen were called to the residence of Paul Kehoe, 13 Baldwin Rd., at 4:30 p.m. Friday when a mattress and bed, clothing caught fire.

The family had the burning mattress outside when the department arrived. There was no other damage.

## BROTHERS DECORATE BIKES

GRAUNKE BOYS TO PARADE

Walter Hamilton, above, is expressing approval to Bobby, age 8, on the left and David, 6, right, sons of Mr. and Mrs. Lloyd Graunke, who have decorated their bikes for the Kiwanis Kids Day Parade and Rodeo to be held Saturday, Sept. 25.

Both boys will be in the primary division by virtue of their grade in school. Bobby is in the third grade and David in the first. They both will complete in the "most original" classification for the primary division. Bobby's bike is decorated in the ISD colors of orange and black and he will wear a facsimile of the Tiger's football gear when he appears in the parade Saturday morning. David has decorated his bike in lavender and purple and will also be in the "most original" group but will not reveal his corresponding costume for the event.

The parade will form at 10 a.m. at the West State street and Church intersection and march at 10:30. Judging of the bikes will be from 10:45 to 11:30 in Central Park. The prizes will not be announced until afternoon when they will be awarded at the Bicycle Rodeo to be held from 1:30 to 4:30 at the Morgan County Fairgrounds.

## Retired Farmer, Oran Doyel Of Roodhouse Dies

Oran Lewis Doyel, retired farmer of Roodhouse, died at 1:45 p.m. Thursday at Our Saviour's hospital.

Mr. Doyel was born Sept. 26, 1878 near Barrow, the son of John Francis and Henrietta Edwards Doyel. He was married March 6, 1901 near Barrow to Miss Birdie Barnard who survives with one son, Carroll of Roodhouse. Another son, James Oran, preceded his father in death. One brother, James Doyel and a sister, Mrs. William Wessell of White Hall, also survive.

The body was taken to the Wolfe Memorial home at Roodhouse where services will be held at 2:30 p.m. Sunday with Rev. Parker in charge. Burial will be made in the Edwards cemetery near Barrow.

## Chester Man Hurt In Traffic Crash On S. East Street

A young man from Chester, Ill., was taken to Our Saviour's hospital Friday evening suffering from a head injury after a traffic accident at 461 S. East street.

He was Danny Jo Danke, 23. He was taken to the hospital in the Cooney ambulance.

City Policemen LeRoy Leach and Robert Brune reported that Danke was driving a 1933 Mercury north on S. East street when it collided with the rear end of a 1931 Dodge driven by Glenn L. Taylor, 461 S. East street, who was backing her car out of the drive.

The front end of the Mercury was wrecked and the car was towed to the Morgan County Motors garage. The rear end and left side of the Taylor's auto was badly damaged and it was taken to the Lukeman garage.

## Illinois College Grant Finances Special Study

Illinois College has received a grant from the James McKee Cattell Fund for applied psychology to finance the first year of a study of the effect of a liberal arts college education on the students and vice versa. The study will be directed by Dr. Eleanor O. Miller, professor of psychology at the college who will be assisted by advanced psychology students.

Many discussions of liberal arts education from various points of view appeared in books, magazines and professional periodicals, but there have been relatively few facts from students themselves on which to base comments. The study will involve the use of objective measurements including appropriate psychological tests, interviews, and the recording of personal data during the students' four years of college and two years afterwards.

While a long term project, certain specific results will be available at the end of the first year, college officials said.

## Mrs. Sylvia Myer Dies; Funeral To Be Held Monday

WHITE HALL—Mrs. Sylvia Heberling Myer, 78, a resident of the Highstreet neighborhood southwest of White Hall for many years, died at 8 o'clock Thursday night at Boyd Memorial hospital in Carrollton, where she had been under treatment one day. She had previously been a patient in a St. Louis hospital.

Mrs. Myer was born May 26, 1876, in Greene county. She was united in marriage in 1893 with William H. Myer, who survives together with one son and two daughters, Ivan Myer, at home; Mrs. Helen Ridings, Walkerville, and Mrs. Lucille Hoffman, Alto.

One daughter preceded Mrs. Myer in death. She is survived by nine grandchildren and 12 great grandchildren.

The body is at the Dawdy Funeral Home, where services will be held at 2 p.m. Monday. Burial will be made in Valhalla Memorial park at Alto.

## Chapin Girl, Former Soldier Die After Crash Near Meredosia

Two young persons were killed at 9:20 p.m. last night when two cars collided, evidently head-on, at the north junction of Routes 100-104, east of Meredosia.

Killed were: Miss Alma Staake, 21, daughter of Mr. and Mrs. Otto Staake, rural route 1, Chapin. She died at Schmitt Memorial hospital, Beardstown, about an hour after the accident.

Delbert Bunch, 26, of Meredosia, son of Mr. and Mrs. Ruby Bunch of Meredosia, who was recently discharged from the U.S. Army. He apparently died instantly.

Injured were: Robert Werries, 21, son of Mr. and Mrs. Ray Werries, rural route 1, Chapin, home on army leave from Fort Lewis, Wash.

LeRoy Tennis, 23, Meredosia. Early this morning the condition of both men was reported as favorable.

Not all of the details of the fatal crash had been ascertained by early Saturday morning.

Early arrivals at the scene and state and county police officers found a 1936 Chevrolet, evidently driven by Miss Staake, on the north side of the road and a 1941 Dodge, apparently driven by Bunch, on the south side of the highway.

Werries was a passenger in the Chevrolet. It is felt that he and Miss Staake were headed toward Meredosia.

Bunch and Tennis had been in Meredosia only a few moments before the accident and acquaintances told officers that the two youths were enroute to Jacksonville.

Bunch was considered dead when help arrived. Miss Staake, Werries and Tennis were taken to Schmitt Memorial hospital, Beardstown, in the Cooney ambulance.

## Program Opens New Season For Garden Club

The first meeting of the year for the Morgan County Garden Club was held at the Youth Center, there being 90 members and guests present. Mrs. Eugene Dodsworth called the meeting to order and led the club in allegiance to the flag. Mrs. Esther Stewart, secretary, read the minutes of the last two meetings, followed by a report of the treasurer, Miss Gladys Howard.

Guests were introduced as follows: Mrs. C. F. Story, Reta Jean Nail, Becky Crouse, Mrs. C. H. Mallicoate, Robert A. Wessler, Mrs. James Cash, Mrs. G. H. Eberhardt, Mrs. Grace Brandon, Mrs. Rachel Long, Miss Louise Werries, Mrs. Hester Nickel, and the following new members for this year are Mrs. Cecil Patterson, Mrs. Wm. Graubner and Miss Carolyn Abbott all of this city; Mrs. Lloyd Smith of Alexander, Mrs. Robert Taylor, Mrs. Virgie Coughlin and Mrs. James Baird all of Bluffs, and Mrs. Oris Duncan of Winchester.

Mrs. Dodsworth turned the meeting over to Mrs. Arthur Kleinschmidt, program chairman of the day. She introduced Miss Charlotte Sieber as chairman of music, and she presented Miss Reta Jean Nail, accompanied at the piano by Miss Becky Crouse. Miss Nail sang three songs.

Mrs. Kleinschmidt then introduced Mrs. Harold Wessler of Arenzville, and she and her son Robert showed colored slides of their family trip to the west coast, including many scenes taken at the commencement exercises of the U. S. C. where their son was graduated this summer. The scenes also included the Wessler rose garden at Arenzville.

At the close of the program Mrs. Dodsworth invited the guests and members to partake of the refreshments prepared by the committee for the day. Fruit punch was served from a large crystal bowl with other crystal accessories on the table which was adorned with a lace cloth and centered with a large bouquet of New Yorker roses in a low crystal bowl. These roses came from the Wessler gardens. Many varieties of home made cookies were arranged on large crystal platters.

Mrs. R. L. Dumas was chairman of the refreshment committee, assisted by Mrs. Herbert Smke as chairman of the day and the following members: Mrs. August Schone, Mrs. Charles Schmidt, Mrs. Floyd Schramm, Miss Ethel Shortridge, Mrs. Ray Shortridge, Mrs. Harold Servoss, Mrs. Vernon Schofield, who presided at the punch bowl, Miss Charlotte Sieber, Mrs. Arno Schumaker, Mrs. T. U. Smrl, and Mrs. Arthur Seaman.

Mrs. Henry Frisch, chairman of the decorating committee, made an attractive yard scene on a side table. The scene included a white picket fence with flowers and vines growing along it, then a miniature bird bath with a tiny bird perched on the edge and miniature flowers and shells arranged around the base, then a boy with a bucket on his arm, followed by his dog, on his way to the well to draw water.

Mrs. Effie Williamson registered the members and Miss Zelma Hackman registered the guests, while Miss Fern Haigh, the incoming treasurer, was kept busy writing out receipts for those who paid their annual dues, which are now due and payable to Miss Haigh.

the Schaefer ambulance.

Lloyd J. Markille, deputy Morgan County coroner, ordered Bunch's body taken to the Schaefer Funeral Home after Dr. Joseph Panella of Meredosia pronounced the young man dead.

Dr. Hugh McKimley of Jacksonville was performing an autopsy early this morning in an effort to determine what caused Bunch's death. Early examinations indicated he had sustained a broken neck.

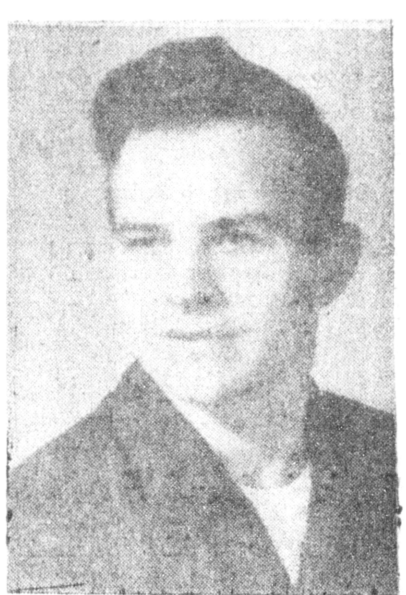

Miss Staake suffered severe head injuries and cuts. She recovered consciousness while enroute to the hospital but died shortly after arrival there.

Joe Linmer of Chanderville, coroner of Cass County, was called to Beardstown by the death of Miss Staake. In light of the condition of Werries and Tennis, he did not set the date of the inquest. No date has been set for the inquest into the Bunch death.

The body of the Staake girl will be taken to the Schaefer Funeral Home today.

Officers adding at the scene included State Highway Policemen Charles Bailey and Merle Balke, and Deputy Sheriff Harold Wright.

The family will meet friends at the funeral home from 7 to 9 Saturday night.

### SHAKE STRANGLES CHILD

BENEVENTO, Italy (P)—A non-poisonous and usually harmless water snake, about three feet long, strangled 5-year-old Maria Cubsmanno Thursday while she was playing at the edge of a pond. Workmen brought by her screams killed the snake but failed to revive the child.

### HOUSING SHORTAGE

TOKYO (P)—Nine years after World War II Japan is still short 3,125,000 houses, says a white paper of the Construction Ministry.

This shortage persists despite the fact that Japan has rebuilt 3,690,000 homes since the guns ceased firing, the Ministry reports.

One thing that has prevented a better job of erasing the ravages of war has been that 2,880,000 dwelling units were lost to fire, flood and old age in that same nine-year period.

The government plans to build 40,000 new homes in the present fiscal year, including 10,000 units for industrial workers.

### ATTENTION VOTERS

The County Commissioners have voted a Single Registration Day, to be held on October 5th, 1954, in each Voting Precinct.

In the meantime, voters may register at the County Clerk's Office.

Registration is necessary in order to vote at the November 2nd Election.

Soldiers still in the service or having been discharged within sixty days prior to Election, are eligible to vote without registration.

Notify County Clerk's Office of any change of name or address. If name has been changed, it is necessary to re-register.
